Attn: - Shri Nikhilbhai Shah.

Dear Sir,

As you are aware GCPC has been using **ELECTRIC ANALYSER** supplied by you for analyzing the electric data, may be helpful to industries towards energy conservation. The exercise has been taken up as a part of CP assessment in the willing industries.

While conducting CP assessment projects in various industries, it is observed that there is a great potential of energy saving. Looking to your experience and expertise in the field of energy management and a long association with us, we solicit your help in energy saving analysis for some industries at Naroda industrial estate.

Looking forward to positive response.

Thanking you,

Yours faithfully

(Bharat Jain)  
Member secretary.
